Education

Bachelors of Design, Human-Computer Interaction
Srishti Institute of Art, Design and Technology, Bangalore
GPA: 8.96/10 (As of December 2022)

June 2019 - May 2023

Relevant Experience

1. Developer - Revisual Labs

July 2023 - Current

I am involved in web development, with a focus on creating interactive data visualizations with D3.js and Svelte for developing client-specific, interactive visual interfaces.

Skills: Web development, GIS, Svelte, D3.js

Selected Works:

[IOM Regional Data Hub Portal](#)

[GIS Analysis for Unearthed \(Greenpeace\) on sewage spills in UK & Wales](#)

[Interactive explorer to enable exploration of the above investigation for Unearthed](#)

2. Graphics & Data Intern - Reuters

July 2022 - October 2022

I worked on a variety of projects that involved creating visualizations and analyzing data to support news stories. Some of my responsibilities included designing charts and maps, collecting and cleaning data from various sources, and working with journalists in the APAC region for incorporating visuals in their reporting.

Skills: Graphic Design, Data Analysis, Data Visualization, News Writing, Journalism.

Selected Works:

[Pakistan and its submerged cities](#)

[Europe's driest summer in 500 years threatens crops, energy production](#)

[Afghanistan Earthquake](#)

3. Freelance Developer - CSGS, Ashoka University

March 2022 - October 2022

Developed an interactive resource directory for the Centre for Sexuality and Gender Studies at Ashoka University using Svelte and D3.

Skills: Web Development, Svelte, D3, User Experience Design.
